

Bank Kitchen Recipe: Straw-Cake Pudding

Servings: 8-12 people Total Prep Time: 30 min.

Submitted by Terri

Ingredients: one (1) pre-made angel food cake, two (2) pints of fresh strawberries, one (1) package of JELL-O® instant vanilla pudding, and one (1) container of Cool Whip® whipped topping.

Instructions: First, cut the cake into approximately 1-inch square cubes; set aside. Then, mix the pudding per the instructions on the package, and fold in cool whip by hand. Rinse strawberries, cut, and then coat with granulated sugar. Finally, layer all ingredients in a trifle—or another clear—bowl alternating between cake, strawberries (to include sugar syrup), and pudding until three layers are achieved. Keep mixture refrigerated until time to serve. Enjoy.

Note: for added color, garnish with fresh mint leaves.
